

Scientific Program

Wednesday, 22nd September 2021

7:00-8:30 pm

Welcome & Opening Remarks
Friends of Physiology Keynote Lecture: *Michael Cahalan (UC Irvine)*

Thursday, 23rd September 2021

8-10 am

Session 1: Ion Channels & Transporters (ICTs) in Lymphocytes

10:30 am - 12:05 pm

Session 2: ICTs in Innate Immunity 1

2-3 pm

Round Table 1: Career Development and Increasing Diversity

3-5 pm

Poster Session 1, In-Person

7-9 pm

Session 3: Novel Structures of ICTs in Immune Cells

Friday, 24th September 2021

8:15-10 am

Session 4: ICTs in Lymphocytes and Antitumor Immunity

10:30 am -12:30 pm

Session 5: ICTs in Innate Immunity 2

2-3 pm

Round Table 2: Ion Channels & Transporters as Drug Targets
in Immunity and Inflammation

3-5 pm

Poster Session 2, Virtual

7-9 pm

Session 6: Cell Biological Aspects of ICTs in Immune Cells

Saturday, 25th September 2021

8-10 am

Session 7: Pathophysiological Roles of ICTs in Inflammation

10:30 am -12:00 pm

Session 8: Modulation of Immune Cell Function by ICTs

Free Afternoon

5-7 pm

Session 9: Ion Channels as Drug Targets in Immune Diseases

Sunday, 26th September 2021

Departure
